VIDEO IT!

Greetings!

'I wish I had a video camera there!', 'It was such a great event, too bad I didn't record it!', 'This would make a great video!'

Have you ever said any of the above? You probably have. The next time you say that, invite me to record it. Rather than doing it yourself, or getting a friend, or relative to record it, hire a professional! I guarantee, you will not regret it. Having events, special moments, seminars, sporting and theatrical presentations professionally recorded allows you to relive these important experiences in your life. It allows you to share them with others who were not there. It enables you to entertain and or educate or expose your event to people who view it.

For the grandparent who was too sick to attend the wedding, for the potential client who had an important meeting to go to and could not fit your seminar into their schedule, for all those out of towners and distant customers: VIDEO IT! Professionally.

The Studio Video Facilities

For the past year, The Studio Video Facilities has been proudly producing videos of multiple events for the Richmond Chamber of Commerce. Our first production was an introductory video of the Chamber in English, Mandarin and Cantonese. Recently we have produced videos of the many Chambers' events such as: Stanley Network Breakfast, Business After 5, 911 Awards, AGM, Annual BBQ Lunch and various speakers including Colin Hansen and Gordon Campbell.

These videos can be viewed on the Chambers' own YouTube Channel at: www.youtube.com/RichmondChamberBCC.

We look forward to continuing to produce videos of these dynamic events put on by the Richmond Chamber of Commerce and showcase them on the Internet.
