## PLEASE DO NOT DELETE, GIVE THE STUDIO A LOOK AND SEE!

If you are reading this, thank you. You are one of the 225 of the 750 who opened this newsletter. I hear that's a pretty good opening rate..but of course I like more.

So before you close and delete this newsletter, let me tell you why you should continue to read and view what is in this newsletter. I am attempting to inform and educate you about what THE STUDIO does. We of course do video, video production, transfers and rentals. At one point I am sure you will need our services. Be it a video for your web site, a special event as a wedding, some old VHS tape you like on DVD or an LCD projector you want to rent, we have it all.

We personalize all our services. While we are working for and with you, you are our most important customer.

Please go [HERE](#) and see what a variety of clients have to say about THE STUDIO.

We pride ourselves on our professional service.

I appreciate any comments and or questions you have about this newsletter and our services.

thank you for reading this far..please read on and click on a link or two.

The Studio presents

## The Magic of Video Green Screen

### What is Green Screen?

- In the simplest terms- it allows us to video a person in front of a green background and replace the background with any image you like
- We can place a company logo, a graphically generated image, a jpeg or a moving video clip.
- In a professional studio setting, we light the subject and background
- We take your script, which we can assist you in creating and place it on our teleprompter.
- Professional micing and camera complete the process.

**All post-production and uploading to the web is included.**

We will provide you with a professional looking video for placement on your homepage, to use in a video blog and/or to e-mail to your clients.

\$ Reasonably priced at only \$300 for 30 minutes or \$500 for one hour
